

KLove is a wonderful station heard by many of us in the Tidewater/Hampton Roads area. If not for K-Love, we would be forced to listen to the "crap" that the other stations insist on hammering us with on a daily basis. K-Love plays "positive, encouraging" music and is informative to us as well.

If K-Love were to be displaced by an LPFM broadcaster our "Light in the darkness" would be taken away. We are able to get information on our community churches and the various conferences and other activities that we may participate in. No other station knits us together as K-Love does. We get easy on the ears music, national news and local news all in one wonderful station.

Please keep K-Love at the same signal it has always been on as people not just in my area count on it being there, but others across the country and around the world do also.
